

Face-iT Scan[®]

Introducing Unisure's Face-iT Scan[®]

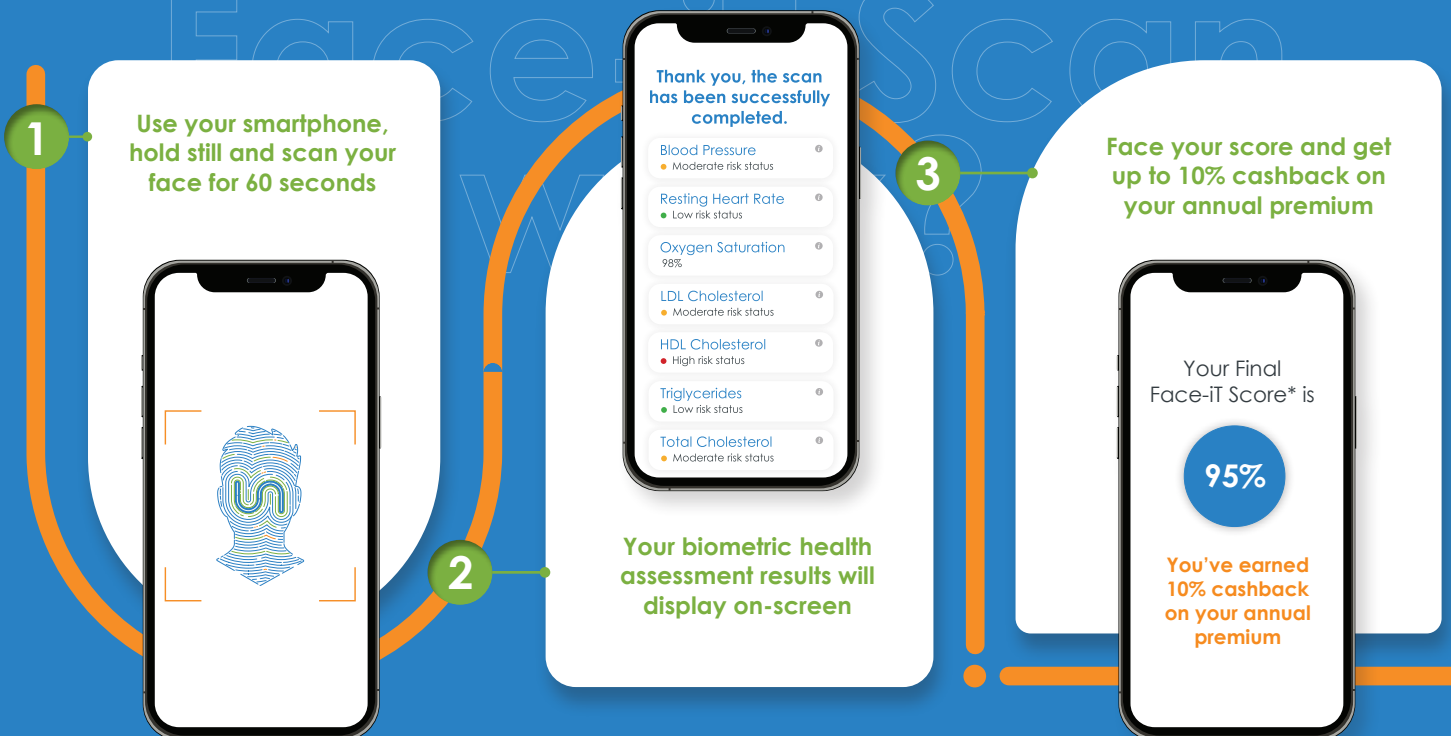

Unisure's unique Face-iT Scan[®] uses **industry-leading face scan technology** that gives you **instant cover**, without medical underwriting, and **personalised features and rewards**.

What is the Face-iT Scan[®]?

The Face-iT Scan[®] instantly captures your unique biometric information and provides a **personalised health score**. Simply scan your face with your smartphone or laptop and gain a detailed understanding of your health.

This technology was developed in collaboration with our trusted partner **Advanced Health Intelligence (AHI)** – a world leader in innovative health technology solutions for active risk management.

How does the Face-iT Scan[®] work?

* The scan calculates a personalised health score (out of 100) – a higher score indicates better health.

* Note that the Face-iT Scan[®] is not a diagnostic tool. If you feel uncertain about the results shown, please contact your medical doctor to address and investigate any concerns.
