## Introducing Unisure's Face-iT<sup>®</sup> Scan

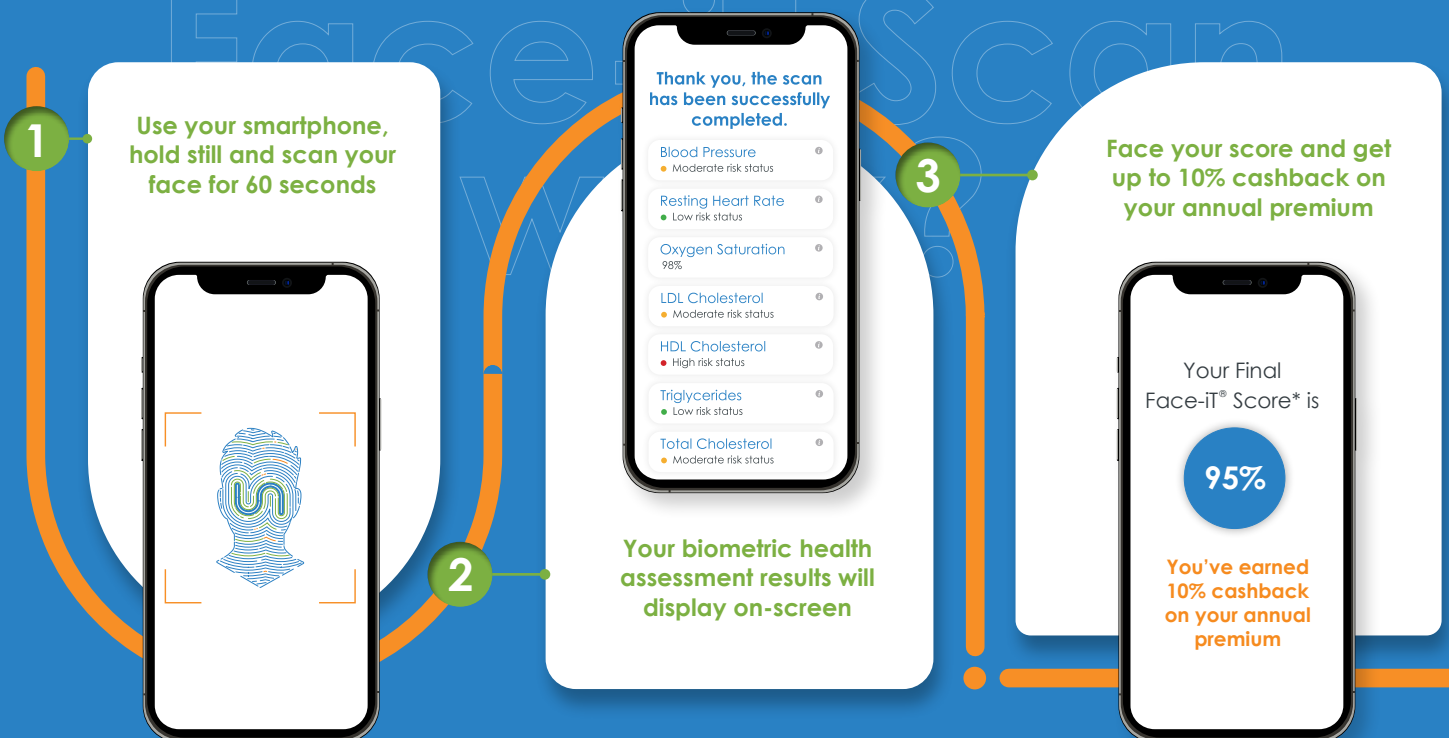

Unisure's unique Face-iT<sup>®</sup> Scan uses **industry-leading face scan technology** that gives you **instant cover**, without medical underwriting, and **personalised features and rewards**.

### What is the Face-iT<sup>®</sup> Scan?

The Face-iT<sup>®</sup> Scan instantly captures your unique biometric information and provides a **personalised health score**. Simply scan your face with your smartphone or laptop and gain a detailed understanding of your health.

This technology was developed in collaboration with our trusted partner **Advanced Health Intelligence (AHI)** – a world leader in innovative health technology solutions for active risk management.

### How does the Face-iT<sup>®</sup> Scan work?

\* The scan calculates a personalised health score (out of 100) – a higher score indicates better health.

\* Note that the Face-iT<sup>®</sup> Scan is not a diagnostic tool. If you feel uncertain about the results shown, please contact your medical doctor to address and investigate any concerns.
